

**Special Notice for Availability of Unregulated Contaminant Monitoring Data (UCMR 5)****IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER**

Availability of Monitoring Data for Unregulated Contaminants for the City of Sycamore Public Water Supply System.

Our water system has sampled for a series of unregulated contaminants. Unregulated contaminants are those that don't yet have a drinking water standard set by the EPA. The purpose of monitoring for these contaminants is to help EPA decide whether the contaminants should have a standard. As our customers, you have a right to know that this data is available. If you are interested in examining the results, please contact the City of Sycamore Water Division at 815-895-3545 or email [maanderson@cityofsycamore.com](mailto:maanderson@cityofsycamore.com). You may also use direct mail or visit our office located at 475 N Cross St.

This notice is being sent to you by the City of Sycamore Public Water Supply. State Water System ID# IL0370550.

Date Distributed: 3/3/2025

| <b>UCMR 5 Detected Contaminants</b> |                |                        |                     |                         |            |                     |
|-------------------------------------|----------------|------------------------|---------------------|-------------------------|------------|---------------------|
| Contaminant                         | Date Collected | Highest Level Detected | Unit of Measurement | Range of Level Detected | Violation? | Likely Source       |
| Lithium                             | 9/20/2024      | 14.4                   | ppb                 | 8.55 - 14.4             | No         | Naturally Occurring |
| PFUnA*                              | 9/20/2024      | 0.0004                 | ppb                 | 0-0.0004                | No         |                     |
| PFHxS-Total*                        | 9/20/2024      | 0.0004                 | ppb                 | 0-0.0004                | No         |                     |
